

ASIA INTERNATIONAL COMMUNITY
OF ART & DESIGN

Alhamdulillah all praise be to Allah who has allowed this book to be released. For your information, all AlCAD programs are a sub - program under the Asia International Community of Art & Design (AlCAD) which was created specifically to give focus and recognition to academicians, practitioners, artist, designers and students of higher learning institutions in improving their ability to compete internationally. Recognizing how important it is for an academician to be given exposure and the opportunity to show their talents at a higher level, AlCAD has been offering and providing the platform since 2017.

The first AICAD program is the result of collaboration between Universiti Teknologi MARA Perak Branch and Institut Seni Budaya Indonesia (ISBI) Bandung, Indonesia where more than 5 countries were brought to Bandung, Indonesia to join presented and exhibits their artworks there. Next in 2018, AICAD continued to receive responses, which at that time a total of 10 countries and from three UiTM branches were brought to Langkawi, Malaysia to join the programs there. And in 2019, AICAD is not only open to academician and students from UiTM but also several local universities to send their participants as representatives in AICAD 2019, which was scheduled to be held in Nagoya, Japan. However, on 2020, AICAD programs had to be replaced with virtual programs due to Covid 19 pandemic. And now, in 2021, despite being organized online, we can see a total of 500 entries comprising of 28 countries and 20 institutions of higher learning. This is an extraordinary development and achievement. I sincerely hope that AICAD will be one of the prestigious platforms that are recognized internationally in providing added value to the academicians, practitioners, designers, artist and students who participate in it. Insha Allah.

Assoc. Prof. Dr. Muhamad Abdul Aziz Ab Gani PRESIDENT/ DIRECTOR OF AICAD

ABOUT AICAD

The Asia International Conference Art and Design (AICAD) are established in 2017. The 1st conference was organized by Institut Seni Budaya Indonesia (ISBI), Bandung (Indonesia) and Universiti Teknologi MARA (UiTM), Perak (Malaysia). Now AICAD officially known as 'Asia International Community of Art & Design' that emphasis on the community art & design in Asia region and their connection around the world. This annual event focuses on issues in the Art and Design community across the Asia region and its connection around the world. The AICAD combine three events; conference, invention competition and art exhibition. The program serves as a platform to acknowledge various platforms of research projects internationally. This prestigious program offers a diversity of events. All professionals, researchers and postgraduate students are invited to share their views and research in this program.

MISSION

To enhance the knowledge and expertise of art & design academicians, students, artist and designers in Asia by expanding their knowledge and skills sharing through conference, art exhibition and invention competition.

VISION

To establish AICAD as a platform for art & design academicians, students, artist and designers throughconference, art exhibition and invention competition that gives an opportunity to share their views, research, show and publish their creative ideas by participate in AICAD events.
